

## WORLD NO TOBACCO DAY (31 MAY 2019)

Department of Public Health Dentistry celebrated World No Tobacco Day by organizing a Nukkar natak, at old railway station, Faridabad. Tobacco is deadly in any form and threatens the lung health of everyone exposed to it. Tobacco kills one person every 4 seconds. The street play was performed by the post graduates of the department of Public Health Dentistry along with the BDS Final year students to explain the negative impact that tobacco has on people's lung health, from cancer to chronic respiratory disease. The oral health examination was conducted for the local travelers and referred to the college for further treatment. They were also given instructions for oral hygiene maintenance.
