

Department of Oral and Maxillofacial Surgery hosts an event on 'Tobacco De Addiction Therapies'

The Department of Oral and Maxillofacial Surgery, Sudha Rustagi college of Dental Sciences and Research, Faridabad organized a spearheading event themed 'Tobacco de addiction Therapies' under the able guidance of Dr. Ashish Gupta, Head of the Department of Oral and Maxillofacial surgery. The event aimed to shed light on the epidemic of tobacco addiction that plagues our society and is a leading cause of preventable deaths in India. The highlight of the program was the presence of distinguished guest speaker, Dr. Vivek Narayanan, Dean and Head of the department of Oral and Maxillofacial surgery, SRM Dental College and Hospital, Chennai who provided his valuable insight on the strategies and therapies that can be implemented to guide an individual suffering from tobacco addiction. He also highlighted the role of a dental surgeon in helping patients and in recognizing early signs of Oral squamous cell carcinoma. Dr. Vivek's expertise and passion captivated the audience, inspiring the young aspiring dental professionals to join in his mission of eliminating the tobacco epidemic. The enriching session was attended by more than 250 students and faculty members. The success of the event can be attributed to the unwavering dedication and leadership of the management, Dr. CM Marya (Principal), Dr. Vishal Juneja (CEO), Dr. Pankaj Bansal (Professor), Dr. Sneha Sharma (Professor), faculty members and the PG students, who played instrumental roles in ensuring that the event was executed smoothly. The 3rd year, Final year, Interns and PG students of various departments were enlightened by the talk.
