

Continuing Dental Education Programme on “Management of Endodontic Complications” held at Sudha Rustagi College Of Dental Sciences & Research, Faridabad

Department of Conservative Dentistry & Endodontics from Sudha Rustagi College of Dental Sciences & Research, Faridabad organized a CDE Program cum Hands on workshop on “Management of Endodontic Complications” on 29th March 2018. The guest speaker of the day was Dr. Vinod Kumar R, a renowned endodontist, a pioneer of rotary NiTi instrumentation, thermoplasticized gutta percha techniques and Micro Dentistry in India.

The occasion was graced by Mr Dharamvir Gupta, chairman and Mr. Deepak Gupta, secretary of institute. The event was inaugurated by Dr. C M Marya, Principal, Dr. Vishal Juneja, CEO, Dr. Rakesh Mittal, Head – Dept. of Conservative Dentistry & Endodontics and Dr. Shalini Garg - HOD (Pedodontics). The event drew post graduate students from various colleges in Delhi-NCR and was well attended by faculty members/academicians and students alike. The CDE program allowed the clinicians and students to enhance their knowledge and gain access to the advanced scientific concepts. A live demonstration and hands on followed the lecture along with an interactive session with the guest speaker.

The program was very informative and was a great success.
