

World Oral Health Day- Report

Every year 20th of March is celebrated as world oral health day. This day is marked with the aim to empower people with the knowledge, tools, and confidence to secure good oral health. In 2021, FDI launched a three-year campaign theme: Be Proud of Your Mouth. Oral health diseases can be painful and distressing to the patients, while, can also be linked to various systemic diseases.

The Department of Periodontics celebrated World Oral Health Day by first educating the gathering about the diverse aspects of oral health and diseases through a riveting lecture by Dr C.S Baiju. The program included competitive graffiti making, model presentation nukkkad natak, and a short video presentation by graduate students and interns. A quiz on oral health was conducted among students, interns, postgraduates and faculty. The program was concluded with prize distribution to the winning teams.

The conduction was met with great enthusiasm and commendable participation from all students and faculty.
