

CDE Program cum Hands on Workshop: Tips and Tricks for simplifying Anterior Composite Restoration

Department of Conservative Dentistry & Endodontics in association with MANI Limited, organized a CDE Program cum Hands on workshop on “Tips and Tricks for simplifying Anterior Composite Restoration” on 9th May 2023.

The Guest Speaker of the day was Dr. Smita Singh, a well renowned Endodontist practicing in Udaipur for more than 20 years. She has been awarded as ‘Legendary lady of modern dentistry as well.

The CDE program allowed the students to gain access to the advanced scientific concepts, enhance their knowledge and incorporate into their daily practice to enhance esthetic skills.

A lecture was also carried out along with live demonstration and hands on with an interactive session with the guest speaker for the participants. The program was attended by over 110 Dental Students with 45 post graduate students registered for the event.

The program was very informative and was a huge success. The tips and tricks given during the presentation paved way for all students to improve their clinical skills.
